## 1. Download the Smartify: Scan & Discover App.

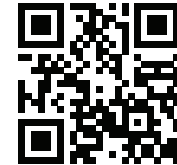

Either search on your phone's App Store

OR

Scan the QR code:

scan the art,  
uncover the story

### How to scan using Android or iPhone:

Open the camera app. You can find the camera by swiping left on your lock screen, selecting it from the control center, or opening it directly from the home screen.

Point your camera at the QR code to scan it, making sure that all four corners of the QR code are in view. Once you scan the QR code, a pop-up notification will appear on top of your screen.

Finally, tap the pop-up notification at the top of your screen. This will run the action contained in the QR code, such as sending you to the App Store.

## 2. The Smartify app will prompt you to create a profile.

To bypass this, select **“Skip”** at the bottom of screen.

## 3. The app will prompt you to allow access to your location.

Androids: tap **“Allow”**; iPhones: tap **“Next”** then **“Allow”**

## 4. On the next screen, the Frank Lloyd Wright Foundation should pop up.

If not, search **“Frank Lloyd Wright Foundation”**
